## **DETAILED ACTION**

### ***Allowable Subject Matter***

Claims 33-38,46-49 are allowed.

The following is an examiner's statement of reasons for allowance: the method of implanting a whole disc allogenic or xenogenic annulus that is compacted by dehydrating, rolling, folding or wrapped with additional structure such as a natural ligament, jacket or fastening means such as sutures or gluing and then implanting into the disc space with the annulus free of vertebrae and nucleus material was found to be novel. The prior art did teach annulus material for implanting, but failed to teach compacting it and having means to form it into a configuration to place in the disc space.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Brian E. Pellegrino whose telephone number is 571-272-4756. The examiner can normally be reached on M-Fr (7:30am-5pm).
